RECURRENCE BENEFIT

We will pay the Recurrence Benefit shown in the Schedule of Insurance for a Recurrence subject to the following limitations:

- We will not pay a Recurrence Benefit for a Covered Condition that Recurs during a Benefit Suspension Period; and
- We will not pay a Recurrence Benefit for either a Full Benefit Cancer or a Partial Benefit Cancer unless the Covered Person has not, for a period of 180 days, had symptoms of or been treated for the Full Benefit Cancer or Partial Benefit Cancer for which We paid an Initial Benefit.

Payment of this benefit will reduce the Total Benefit Amount. See the *Reduction on Account of Prior Claims Paid* provision.

REDUCTION ON ACCOUNT OF PRIOR CLAIMS PAID

We will reduce what We pay for a claim so that the amount We pay, when combined with amounts for all claims We have previously paid for the same Covered Person, does not exceed the Total Benefit Amount that was in effect for that Covered Person on the date of the most recent Covered Condition. This provision does not apply to claim payments for Supplemental Benefits.

For example, suppose the Total Benefit Amount is \$20,000, and in the first two years that insurance is in effect We pay claims for You totaling \$15,000.

Further suppose that in the third year that insurance is in effect for You under the Group Policy another claim becomes payable for You for which the Benefit Amount is \$10,000. The \$10,000 Benefit Amount when added to the \$15,000 that was already paid would equal \$25,000, which would exceed the Total Benefit Amount by \$5,000. Therefore, the amount payable for this claim would be reduced by \$5,000 as follows:

\$10,000	(amount calculated before reduction)
<u>- \$5,000</u>	(reduction of benefit on account of prior claims paid)
\$5,000	(amount payable for the claim in this example)
